Incident description

Hello all,

Early Thursday morning around 3:30 AM myself and a friend saw what seemed to be an act of hazing at Riverwind Apartments off of Alafaya Trail. I was returning from All Knight Study to visit my boyfriend, the incident occurred in the visitors parking space. There were a total of 5 individuals involved in this act. Two of the gentleman were a little over 6 foot in height, the other gentleman were significantly shorter. The individuals were spinning what seemed to be red and white walking canes. The shorter individuals were being beaten with the canes by the two taller individuals after dropping the walking cane. After watching this for about 10 minutes I was unsure if this was hazing or just an act of stupidity. I did not approach the individuals as I should have, but I felt so bad afterward doing nothing. After speaking with my roommate about the incident she informed me these individuals had to be members of the organization Kappa Alpha Psi Fraternity. I then researched the organization on YouTube when I then confirmed that this was the organization due to the spinning of the walking cane. Hazing is a very serious matter that should not be taken lightly. I decided to file this report to prevent this from happening to anyone else. I myself am not involved in a sorority for this exact reason. I hope this report makes a difference.

Incident description

Hello,

Early this morning my friend and I saw three guys being beaten with red and white canes in the visitors parking area at Riverwind Apartments. My friend discovered that these individuals are members of Kappa Alpha Psi Fraternity. The individuals were dancing and twirling the canes like something you would see majorettes do. It looked cool honestly until we saw the three guys being beaten after they dropped the canes. I understand some people may go through extreme lengths to be a part of an organization they deem cool, but I strongly do not believe this is something that anyone should have to go through just to become a member of some club. I know nothing of this organization but this is something that cannot be allowed to continue at our school. Hazing should not be tolerated, I'm surprised these individuals have not pressed charges themselves. I really pray that this report prevents this type of thing from happening to anyone else that may be interested in joining this organization. If you ask me they looked like just a bunch of bullies taking advantage of a few innocent students.
